Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. The amendment filed on May 23, 2005 has been received.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 1-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Blanz (DE 19638226 C1) or under 35 U.S.C. 102(e) as being anticipated by Hilberer (US 6,540,308).

See Figures 1-2 of Blanz.

See Figures 1-3 of Hilberer.

These documents each show a well-known multi-circuit compressed air processing system disposed within a common housing.

Response to Arguments

4. Applicant's arguments have been fully considered but they are not persuasive.

In the Remarks, Applicant argued that Blanz (DE 19638226 C1) disclosed the hand brake valve 31 is not included in the common housing 1 but connected by a line to reservoir "27" via a separation valve 41 and does not disclose the various components of the system are disposed within a common housing, as required by the amended claims 1 and 11. Hilberer, fig. 1 and 2, do not show any connection to a parking brake, only fig. 3 shows a connecting line to a parking brake (FBA;); in the housing there is only a check valve which is obviously not able to control the parking brake. Hilberer does not disclose various components of a compressed air processing unit (including control valve arrangements) inside a common housing.

Examiner maintains Blanz and Hilberer both show the various components of the system are disposed within a common housing and still read on the amended claims. Applicant's figures 1 and 2 shows a parking brake connection 22 extending outside the housing 1 for connection to a parking brake cylinder 24. Same is true with figures 3-7, all show a parking brake connection 22 extending outside the housing 1.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 3683

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mariano Sy whose telephone number is 571-272-7126. The examiner can normally be reached on Mon.-Fri. from 8:30 A.M. to 2:30 P.M.
